The Youth Forum is an anti-discrimination

youth-led initiative that has been organized by a group of seven multicultural young people from the **Voices of Young Australians: Uniting for Social Cohesion** leadership program. The Forum aims to provide an opportunity for multicultural young people across the western region of Melbourne to come together to discuss the issues of racism and discrimination, and to identify strategies to tackle these issues across schools and in the community.

This Forum is supported by the **Centre for Multicultural Youth**, in partnership with **Melton Youth Services** and with funding from the **Scanlon Foundation** and the **Office for Youth**.
