Refreshments provided!

This forum has been convened by the **Wyndham Humanitarian Network Education Working Group** to explore the education and training issues for refugee and humanitarian entrants in Wyndham who are aged between 20 and 24.

This group of young people face particular challenges in negotiating and accessing appropriate education, training and employment pathways.

The forum is designed for young people, community members and workers and will provide opportunities to:

- Hear directly from young people about the challenges they face in negotiating appropriate education, training and employment pathways;
- Clarify Job Network requirements;
- Identify existing challenges regarding employment obligations and access to appropriate education and training and;
- Identify possible solutions to these challenges.

We're looking forward to seeing you there!
