**The Centre for Multicultural Youth Issues would like to invite you to the second Statewide Multicultural Youth Issues Network (SMYIN) Meeting of the year to share your knowledge and experience around issues relating to culturally and linguistically diverse (CLD) young people and housing.**

Presentations have been selected that highlight good practice in the field from Footscray Youth Housing Group, Iramoo Youth Refuge, and Women's Information Support and Housing in the North.

Following the presentations, participants will move into small groups to identify systemic gaps and possible strategies to address CLD youth housing issues.

Time will be allocated for networking and the introduction of new projects. If you would like to inform the group of a new project or a current youth issue/campaign, please call Alli on 9340 3700.

SMYIN participants are encouraged to bring information about their services to the meeting and place it on the information table for distribution.
