

# 2020 MY Education Training Calendar Term 3

To support OSHLSPs across Victoria, MY Education training is pleased to offer a series of FREE webinars across Term 3.

**NOTE** – Webinars will be delivered via Zoom. Meeting information and passwords will be emailed to registered participants the day before each training. Please also be advised that these sessions will be recorded. While active participation will be encouraged, it is entirely optional to share your video and/or audio during the webinar.

## Fun & Games!

Out-of-school-hours learning support programs are not just about homework! They can provide a great opportunity for EAL students to learn in creative ways. 'Learning through doing' is especially valuable for students learning English. Fun, active games can incorporate language skills and give students a chance to experience success and enjoyment. This workshop provides practical ideas and resources for coordinators and volunteers to use in face-to-face and online settings.

- **Tuesday 28<sup>th</sup> July, 10:30am – 12:00pm**

## Culturally Responsive Practice for OSHLSPs

What does it mean to be culturally responsive? In this module you will have an opportunity to explore your own cultural perspectives and consider how this impacts on your OSHLSP. We look at the skills you need to be culturally responsive and apply these to homework club situations.

- **Wednesday 19<sup>th</sup> August, 11:00am – 12:30pm**

## Listening to Young People

It's important to facilitate opportunities for children and young people to participate in the planning, review and evaluation of services. This module will provide lots of practical tips to help you establish participatory practice in your OSHLSP.

- **Tuesday 8<sup>th</sup> September, 10:00am – 11:00am**

## The Fine Print...

All training is free for Out-of-School-Hours Learning Support Programs run by a community, school or religious organisation and targeting refugee and migrant students. We reserve the right to cancel sessions if we do not have sufficient registrations and to change session dates if necessary. Please notify us as soon as possible if you are unable to attend.
