

2020 MY Education Training Calendar Term 4

To support OSHLSPs across Victoria, MY Education training is pleased to offer a series of **FREE** webinars across Term 4.

NOTE – Webinars will be delivered via Zoom. Meeting information and passwords will be emailed to registered participants the day before each training.

Mathematics Tutoring Strategies for EAL Learners

Language plays a critical role not just in reading and writing, but also in learning mathematics. EAL learners are faced with the unique challenge of learning a second language, and learning new maths content simultaneously. In this module you will explore strategies that support the learning of mathematics for EAL students.

- **Wednesday 14th October, 10am – 12pm**

Creating a Child-Safe OSHLSP

In Victoria, it is compulsory for organisations that supply services for children to comply with the Victorian Standards of Child Safety. In 2019, the National Principles for Child Safe Organisations were released, which were endorsed and recommended by the Victorian Government. This module explores how OSHLSPs can be aware of risks, and how to reduce them. Participants will learn about child safety, including online safety, the standards and principles, and how to apply them to their program.

- **Monday 9th November, 11am – 1pm**

Learning Support Post-Lockdown

After a tumultuous year of COVID-19 restrictions, navigating a return to a face-to-face program delivery may seem quite daunting. This workshop will include information and guidance to assist with planning a COVID-safe program, and to support the reengagement of students and families. There will be opportunities to workshop your ideas and raise questions with other OSHLSP coordinators.

- **Tuesday 17th November, 11am – 12pm**

Literacy Tutoring Strategies for EAL Learners

Children and Young People with English as an Additional Language are learning through English, as well as learning English. 'EAL Aware' teaching and tutoring is essential for EAL learner success. In this session you will explore effective tutoring strategies to support EAL learners with their literacy development.

- **Tuesday 1st December, 10am – 12pm**
